

REMARKS

Upon review of Applicants' submission filed July 19, 2006, Applicants note that the Attachment A test report includes a typographical error insofar as dimethyl glycine is indicated as having no effect on growth rate. Applicants are submitting herewith a new Attachment A showing that both sarcosine and dimethyl glycine have a strong effect on growth rate compared to other components tested. Applicants respectfully request consideration of Applicants' Amendment and Response to Office Action filed July 19, 2006 including the discussion with respect to the claims reciting dimethyl glycine and sarcosine along with Attachment A provided herewith.

Respectfully submitted,

Dated: August 1, 2006
